

## Teleprompters

TeleScriptPRO™ is ASI Conference Systems' answer for the hi-tech, professional Teleprompting environments that demand mission critical reliability.

TeleScriptPRO combines an intuitive, easy to use interface with the advanced run list management and edit-while-prompt features required in the most demanding situations – featuring unicode compliance for all languages (international character sets), and smooth scrolling with a 10-button serial hand control.

Whether you are involved in live television, corporate staging events, meeting planning, or video production, ASI has a complete professional and reliable solution for your teleprompting needs.

### Features:

- Uses RTF and TPW File Format
- Full Screen, Point and Click Editing
- Full Rich Text formatting
- Unique Text Zooming
- Variable Font Size, Color & Style
- Extensive File & Run list management
